

Waste Management – Orange Transfer Station Report of Facility Information -- Public Notice

Date of Notice: April 28, 2010

Notice of Change to the Report of Facility Information

**Facility Name: Waste Management of Orange Transfer Station
Facility Address/Location: 2050 N. Glassell Avenue, Orange, CA
Solid Waste Facility Permit No.: 30-AB-0363**

**Date LEA Received Application: April 12, 2010
Date LEA Approved Application: April 27, 2010**

LEA Findings per §21665(c): The LEA finds that the proposed changes are consistent with all CEQA documents; is acceptable and consistent with all state minimum standards; and the proposed changes do not conflict with the existing solid waste facility permit (SWFP).

Description of Proposed Changes: Waste Management of Orange Transfer Station proposes to add equipment to process recyclable organic materials. Collected organic materials will be placed into a pulper to reduce the particle size and volume. Water will be added to produce a slurry mix that will then be stored in an onsite collection and storage tank. The slurry will then be pumped into a transfer tanker and shipped to a third-party processor for further recycling. All recyclable processing activities will occur within the transfer station buildings at the facility.
